# MD's Message

Dear Student,

Life is a competition. We all face competition one way or the other. This competition & its spirit takes a lot from us both mentally & physically. There are people who have confidence, perseverance & attitude to conquer all odds & emerge as a champion. Champions like Usen Bolt, Sachin Tendulkar, Vishwanathan Anand & Lionel Messi have all faced turbulent times & stiff competitions from their opponents in their careers but their zeal, determination & never say die attitude helped them reach top position in their sports. The bar of benchmarking is ever increasing in all aspects of life ranging from academics to sports.

**Student Talent Reward Test (STaRT)** is an effort by Resonance to provide a National-level Benchmarking Platform for all those students who want to know their potential today and want to challenge it further. This STaRT is the 6<sup>th</sup> Edition of this National Talent-O-Meter. In previous five editions the top of the lot who claimed the apex positions were rewarded with top prizes including International Tours to NASA-USA, CERN-ESA-Europe & Science Centre, Singapore. The positive experiences & successful results achieved in previous editions have given us an impetus to move ahead with the 6<sup>th</sup> Edition of STaRT.

STaRT (6<sup>th</sup> Edition) brings an opportunity to all those students who have lots of talent, desire & courage to compete at the top & emerge as a winner. Even an average individual can perform wonders with determination, devotion & discipline.

Improving further on previous STaRT events, Science Category is now split into separate categories for Maths & Biology students. There will be total 1900 prizes worth ₹ 1.4 Crore.

Thoughts lead to actions. Your actions today, add another important element for your life tomorrow. Actions demand efforts and it is easier to focus on efforts if the thoughts are in right direction.

With this belief that young & bright students of this country will take inspirations from the words mentioned above, I wish all the best to all the students for STaRT (6<sup>th</sup> Edition).

# Words of Appreciation

Hello I am jeevesh , I secured rank 2 in start and rank 1 in winners award . I am feeling very nice as this is a national exam and I am giving exam for last three years. This was not easy I had to practice a lot.

I prepared from ncert books and modules. I give credit for success to god , sister and my parents. I am very excited for trip because this will be my third trip with start. Resonance is a very nice institute , I had great experience with resonance in champions camp for 6 days. Resonance is a dedicated institute.

I am feeling very excited about my performance and most of all I am excited to go to US. It all required confidence at the time of exam and your mental background.

I would like to thank Reso Faculty Members Pankaj Sir & Antima Ma'am who helped me sharpen my skills, especially in weak areas of mine.

STaRT provides us the crucial point where we can prove our talent to our self. It gave me a strong confidence boost that I can perform well in other competitive exams as well.

I have been giving STaRT since 2013 wherein I secured 3rd rank for the first time and got this opportunity to visit Singapore. Gave it last year also and secured Rank 8. This year finally I made it to Rank 1. STaRT which is a National wise Talent Search Competition exam, I think STaRT is a very good exam and everyone should give it. My experience with Resonance has also been very good. All faculty members are very polite. In the champions Camp I was able to interact with some faculty members. They were very kind. The study material of Resonance is also very good.

My experience with Resonance is very good. I motivated my students to participate in the Resonance STaRT test and there has been a remarkable turn off of the students appearing in this test from our school. STaRT is a very good initiative for the talented students. It provides a big platform to them to show their talent and also to make their place in the young educated society. It is in fact a very good initiative and a very good thing for them.

I congratulate the parents and the prize winners in STaRT-2015. My heartiest Congratulations to all of them. Thank you.

My son secured All India 1st Rank in 7th Standard. He has been taking this exam from last 3 years and is always securing a very good rank. This time he was able to achieve 1st Rank, STaRT is a very good examination and I think it is able to bring out the best in your child and provide the platform to every child to know his performance at the national level.

We have also been attending the Champions Camp & Felicitation Function, so Resonance has become a kind of home for me. Thank you so much.
