The Principal

**Subject: Proposal for Conducting Student Talent Reward Test (STaRT) in School.**

Dear Sir/Madam,

Greetings from Resonance Eduventures Limited !

Resonance is a premier coaching institute of India, spread across 64 cities and teaching more than 65,000 students in its various Classroom Programs and more than 20,000 students in distance learning programs.

Every Year, Resonance conducts a National Level Talent Exam called **STaRT** (Student Talent Reward Test). We have established STaRT as a National Level bench-marking platform for students, in our previous 6 successful editions. Being the leading educator in India, we know that a student aspiring for brilliant career has to appear for one of the toughest competitive exam in world. STaRT is for those students who aspire to look beyond horizon and experience the real competition.

In its previous editions, STaRT has already become most popular and trustworthy exam among students. We are appreciated from every corner for our Attractive Prizes, Transparent conduction of exam, a very well researched test paper of academic excellence and our Pan-India presence.

In previous Editions of STaRT, it was taken up by more than 5.5 Lakh students from 500 districts of India. More than 3000 schools registered to conduct this event in their premises. Buoyed by this overwhelming response we are happy to launch the much awaited 7<sup>th</sup> edition this year.

STaRT is a single stage test which comes with **4200 Prizes** worth more than **₹2.0 Crore** and a 4 day long Champions' Camp. This event will have a **Grand Felicitation Function** for all winning students. The National Topper, First Runner-up and Second Runner-up from each category shall be awarded Cash prize of ₹1.5 Lac, ₹1.0 Lac & ₹ 0.75 Lac respectively. There are also 2500 various Prizes for Test Centre Topper, State Toppers & School Topper too.

There are plenty of benefits for participating schools, in terms of evaluating their students in a true national level test and getting associated with Resonance, a leading coaching institute of India. Unlike the Scholarship Exams being conducted by other coaching institute, STaRT is purely a platform for rewarding talented students across India without the need of taking admission in Resonance.

We are looking forward to have your kind approval to inform students and motivate them to take part in STaRT by informing them and displaying STaRT Poster on notice boards.

Thanking you,

Yours Sincerely,

**Asheesh Sharma**
