# Message From Founder's Desk

Dear Student,

Life is a competition. We all face competition one way or the other. This competition & its spirit takes a lot from us both mentally & physically. There are people who have confidence, perseverance & attitude to conquer all odds & emerge as a champion. Champions like Usen Bolt, Sachin Tendulkar, Vishwanathan Anand & Lionel Messi have all faced turbulent times & stiff competitions from their opponents in their careers but their zeal, determination & never say die attitude helped them reach top position in their sports. The bar of benchmarking is ever increasing in all aspects of life ranging from academics to sports.

Scholarship & Talent Reward Test (STaRT) is an effort by Resonance to provide a National-level Benchmarking Platform for all those students who want to know their potential today and want to challenge it further. STaRT 2015 is the 4th Edition of this National Talent-O-Meter. In previous three editions the top of the lot who claimed the apex positions were rewarded with top prizes including International Tours to NASA-USA, CERN-ESA-Europe & Science Centre, Singapore. The positive experiences & successful results achieved in previous editions have given us an impetus to move ahead with the 4th Edition i.e. STaRT-2015.

STaRT-2015 brings an opportunity to all those students who have lots of talent, desire & courage to compete at the top & emerge as a winner. Even an average individual can perform wonders with determination, devotion & discipline.

Improving further on previous STaRT events, Science Category is now split into separate categories for Maths & Biology students. There will be total 2400 prizes worth ₹ 1 Crore along with exciting scholarship to support studies for the preparation of competitive examinations in future.

Thoughts lead to actions. Your actions today, add another important element for your life tomorrow. Actions demand efforts and it is easier to focus on efforts if the thoughts are in right direction.

With this belief that young & bright students of this country will take inspirations from the words mentioned above, I wish all the best to all the students for STaRT-2015.
